### TERMS AND CONDITIONS

This course was developed for Bettas enthusiasts and breeders. It is a rich, dense material and entirely in video classes on Betta Genetics. The course is hosted on the Hotmart platform, suitable for online courses. The interaction between you and the platform is necessary for checkout, access to the course and requests.

Read the terms below regarding our conditions and recommendations.

1. 12 (twelve) uninterrupted months of study access will be available through video classes;
2. You will carry out the study independently. Organize yourself so that in the period of 1 year (or less) you can absorb all the content. Create study goals for the videos;
3. We do not offer digital handouts as a complement to the video-lessons. Our intention in this second version was to approach modeling in depth;
4. The course is very didactic. If there is any doubt, return the film;
5. We do not offer support on Betta Genetics under any circumstances the communication channel. This could generate an endless number of e-mails, and on the other hand our lean structure would not be able to handle everything;
6. We offer a period of 7 (seven) consecutive days, from payment, to evaluate the material. Browse video lessons freely and rate the content.
7. Eventually, we may include more content for you during the term of your subscription;
8. The signature is not recurring. That is, after 12 months of access, you can purchase new access for another 12 months;
9. There will be satisfaction survey during the learning. Your participation is important to us;
10. Simultaneous logins to the platform are not allowed;

Once payment has been cleared, classes will be released. The login information will be sent to your email through the Hotmart platform.

We wish you success with your Bettas!
